Learning Together for a Better Future

1/3/19

I hope everyone had a good half-term break. We have had a busy week starting with our assembly in which we congratulated the science week poster winners and gave them prizes for their efforts. The entries were amazing and will be displayed in the library.

KS1 enjoyed a busy Big Bang day in which they created a stop motion film of their new book, 'Little Red and the Very Hungry Lion'. They showed off their new collective value, cooperation, by working in teams to make props and back drops for the film. They are looking forward to sharing their film with us on World Book Day.

After having a chat about air pollution and how electric cars can help to reduce it, Year 5 had an amazing opportunity to build their own cars out of LEGO and code them through software on an iPad to make them function. They had a big race at the end of the day and we managed to walk through the huge Brexit protests outside the Houses of Parliament safely!

And LKS2 had a special assembly hosted by two musicians from the Worshipful Company of Musicians, who played the trumpet and the French horn. The children attempted to master the technique used to play a brass instrument (a bit like blowing a raspberry) and were in awe of their musical talent!

Miss Randles has been on honeymoon this week and will return as Mrs Purchase next Monday - we offer our warmest congratulations to the couple. Miss Begum has settled into Broccoli Class as Ms Booth's maternity cover teacher. She is an experienced teacher who has worked in Key Stage one in Tower Hamlets schools.

We are very much looking forward to a great World Book Day next Thursday - book character costumes please - not a non-uniform day! **Sharon Taylor-Sezgin**
