Learning Together for a Better Future

11/5/18

Another short week this week, following on from a glorious bank holiday weekend. We have had confirmation from parents that they want to accept the Reception places offered for September, and the letters have gone out for Nursery places this week. We are really pleased that we have a waiting list for both.

Year 6 have their SATs tests next week starting with Grammar, Spelling and Punctuation on Monday, Reading on Tuesday, then two days of Mathematics on Wednesday and Thursday. They have all worked so very hard and as I wrote in a letter to them, the tests really do not show what wonderful, talented individuals they are.

We have a Channel 4 production company coming into school on Tuesday to do workshops with year 3 and 4 about ambitions (they will not be filming whilst in school). They are looking for candidates for a new show with a working title 'When I Grow Up'. They will also be in the playground after school to talk to parents.

See you tonight at the Pop Up.

## Shoe boxes needed

We will be using lots of shoe boxes or similar for an art project just before half term so please bring in any suitable boxes over the next couple of weeks. Many thanks.

As the weather is warming up, please make sure your children come to school prepared. Children should have a water bottle (named) in school and a hat too, please. Also, if your child's skin burns easily, make sure you apply long lasting sun cream before they come into school.

## Upcoming events

Thursday 5th July Sprouts Class

*It's getting hard to keep track of various trinkets, stickers and toys children are bringing into school. Sometimes they are gifting them, and then relinquishing the offer, or even gifting them to more than one person! Please can you try to keep these at home to save us trying to keep them safe. Thank you*
