Learning Together for a Better Future

15/11/19

This week has been very much underpinned by our school vision of **Respectful Citizens**. We began the week with an Armistice Day assembly about how the 46 countries who were called the Allies worked together in the war to eventually bring it to an end. We had the most amazing support for our **Odd Sock Day** on Tuesday when we considered our individuality and talked about the effects of bullying and how we can work together to tackle it. And finally today we have come out in spots(!) for **Children in Need** showing our support for the national campaign that supports so many fantastic charities across the country.

Don't forget that next week parents and other family members are invited to join the children in their classes on Friday afternoon to learn a little more about what the children understand about human rights. We will also be running a workshop on the Friday morning for parents, explaining what it means to be a Rights Respecting School and how this feeds into our curriculum and our vision for the school. Have a great weekend.
