

Hello Year 6!

We have put together a list of things that you can be getting on with at home. It is helpful to stick to some sort of routine similar to the one we have at school so try to structure your day like this.

| | |
|-------|---|
| 9:00 | Reading |
| 9:30 | Literacy |
| 10:30 | Break |
| 11:00 | Maths |
| 12:00 | Lunch |
| 1:00 | Other subjects such as: Science, Music, Art, PE, Topic |
| 3:00 | Reading |

Reading ideas:

- Read and enjoy any books you have at home! This could be your core book (fill in your core booklet when you have finished); your library books or your books from the classroom.
- Write a book review.
- Design a new front cover for the book you have read.

Literacy ideas:

- Write a recount of Science Week.
Remember that we:
 - Went to the roof to investigate the periodic table and created different coloured flames with the Bunsen burner
 - We designed and made balloon cars and then tested them out in the hall!
 - We built rockets out of plastic bottles and launched them in the playground after filling them with water.
- Write a story with this as your inspiration:

Maths ideas:

- Practise your times tables using TT Rock Stars log in details
- Practise your maths skills using <https://mathsbot.com/starter> then select a maths topic from the bar at the top of the screen. You can change

the levels and check the answers. The screen will look a bit like this. There are lots of topics to choose from: the four operations, BODMAS and so much more.

| Time Left: 4:53 | | | |
|--|-------------|------|---------------|
| -1 min New Starter Main Menu Print Starter Show Answers +1 min | | | |
| 1.0 | 845 + 141 | 2.0 | 788 + 335 |
| | | 3.0 | 6372 + 1992 |
| | | 4.0 | 9138 + 8064 |
| 5.0 | 3850 + 4220 | 6.0 | 99000 + 39705 |
| | | 7.0 | 23352 + 55771 |
| | | 8.0 | 40861 + 42049 |
| 9.0 | 0.9 + 0.01 | 10.0 | 0.6 + 1 |
| | | 11.0 | 0.03 + 1 |
| | | 12.0 | 0.037 + 8 |
| 13.0 | 0.045 + 7.3 | 14.0 | 8.8 + 0.058 |
| | | 15.0 | 0.311 + 0.571 |
| | | 16.0 | 4.99 + 34.9 |

Science ideas:

- Continue with some 'Our Diverse Planet' research. Find out facts about an animal - the weirder the better! - and create a fact file or a poster.
- Do some further research into famous scientists. Some of the ones we have studied so far are:
 - Marie Curie
 - Neil Degrasse Tyson
 - Mary Anning
 - Rita Levi Montalcini
 - Carl Linnaeus
 - Margherita Hack
 - Galileo Galilei
 - Sylvia Earle

Art ideas

- Draw the chapter or extract that you have read in your reading book today.
- Draw a portrait of the person you have been writing a biography about at school. Carefully consider the style, the person, the foreground and the background.
- Sketch something that you can see from your bedroom window.

Music ideas

- Listen to some uplifting music, create a dance routine to go with it!
- Listen to a music genre that you wouldn't usually listen to on youtube. Try to pick out the different instruments that you can hear!

Topic ideas: we have been learning about the Mayans!

- Investigate the importance of jade to the Maya people. You can choose how to present your work: create a poster, make a quiz, write a speech, make a power point presentation.
- Look up some Mayan hieroglyphs and write your name and a sentence using them.
- Design and make a headdress for a Mayan ruler.
- Recreate a model of a Mayan calendar.
