

# Topic!

## Geography

Local - Draw and label your local area. Can you include shops, parks, houses, roads, schools, and bus stops?

And beyond - Can you do some research about your favourite country? You could create a fact file or poster. What is it like there? What kind of food, animals, climate, language and clothes are there? What is the weather like?

## History

What is your history?! Can you create a timeline of your life so far? What important things might you include, your first words, your first day at school, a favourite holiday?

Be a historian!

Find out about an important person from history! This could be an explorer like Christopher Columbus or Neil Armstrong. You could find out about a King or a Queen, or a famous person. Can you create a fact file or poster about them?
