

# Chisenhale Chatter

Chisenhale Primary School Bow

Learning Together for a Better Future

15/09/17

We have come to the end of our first full week of the new term and the children seem settled and very happy in school this week. Routines are being established, school councillors have been elected and Golden Clubs chosen. The classes have had their 'Big Bang' and started their new topics as well as being in their designated morning classes for English and Maths. All of the Reception children have started school now, and we look forward to our new Nursery children starting next week.

**There have been a few mad scientists around the place today!** Ms Miles has worked with the staff to organise a day of science to kick off the year ensuring that we focus on the main areas of scientific enquiry and prove that science really is fun! We hope you enjoy helping your child with the homework over the page.

**Sharon Taylor-Sezgin, Headteacher**

## Allergies

We have a number of children in school who have allergies, some very serious, and want to remind parents that we are a NUT FREE school. This means that any food that might be brought into school including packed lunches, or food for parties must not have any traces of nuts. No peanut butter sandwiches please. Also, in the early years we have a child with a sesame allergy and another with a kiwi allergy, so again please ensure no food is brought to school containing kiwi or sesame. Remember that means hummus!

## Healthy Snacks

We are a Healthy School and do lots to educate and promote healthy life choices with the children. We understand that you want to treat your child and that might mean sweets, lollipops or crisps at the end of the day, but could we ask **please** for them not to be given to the children as they come out of school in the playground.

## Week beginning 18<sup>th</sup> September

**After school CLUBS start this week – please make sure you have signed up and paid any fees due Wednesday 20<sup>th</sup> September** Beat the Street starts

Once again we will be taking part in a community-wide project called Beat the Street, which starts next week. The project encourages families to walk instead of using their cars and all pupils are issued with a fob to tap in and out of the various beat boxes set up in the neighbourhood. The children's fobs are already registered to the school so every time they use them they will be winning points for Chisenhale and the school with the most points at the end will win a prize. There will also be cards for adults but you will need to register them and select Chisenhale School if you would like to help us. Once you receive your card go to <http://eastlondon.beatthestreet.me/> and select Chisenhale School from the dropdown menu. There are also spot prizes for adults! More information and the fobs themselves will be coming home on Monday with your children but please come and ask for help if you are confused or have trouble registering your card.

*As part of safeguarding children, we ask that parents do not use mobile phones when on the school premises.*
