

# Impact of School PE Funding Report

Chisenhale Primary School

Learning Together for a Better Future

JULY 2016

Due to the overwhelming success of the 2012 Olympic and Paralympic Games in London, the government wanted to ensure a lasting legacy. In March 2013 the Prime Minister announced:

"Primary school sport is set to be transformed thanks to a £150m-a-year boost that will improve PE and school sport for the youngest pupils and inspire the Olympic and Paralympic stars of the future... (The) new sports funding aims to improve the quality of provision in every state primary school in England."

The new Government Primary PE Funding was initially guaranteed for the 2013/14, 2014/15 and 2015/16 academic years but a recent announcement has guaranteed it to schools through to 2020. With this funding we aim to improve the provision of PE and sport in our school.

Funding for schools is calculated by the number of primary-aged pupils (between the ages of 5 and 11) as at the annual schools census in January each year. All schools with 17 or more primary-aged pupils received a lump sum of £8000 plus a premium of £5 per pupil.

In our school we have used the sport funding in the following ways. We have:

-Purchased Membership of the Tower Hamlets Youth Sports Foundation.

This includes

- ✓ Qualified sports coaches teaching during curriculum time
- ✓ Qualified sports coaches running after school clubs
- ✓ Enabling the school to enter borough competitions
- ✓ Talent identification and support
- ✓ Being chosen as a basketball focus school

-Hired qualified sports coaches (Ali and Danny) to teach PE weekly to all children, while the class teachers have their PPA (Planning, Preparation and Assessment time) each week

-Paid for professional development opportunities for staff in sport and PE

-Provided cover for staff to attend sports competitions to increase participation in school games and competition

-Provided coaches for after school sports clubs to encourage active participation from our pupils

-Hired qualified sports coaches (Danny and Ricki) to ensure there are a range of resources to encourage activity at lunch time

## We are active, we are healthy.

At Chisenhale we have always promoted the importance of sport in our school. We believe sport enhances the lives of our children by teaching them to be being active and healthy and live a healthy lifestyle. Sport also teaches children morals when following rules and developing sportsmanship. The social aspect of school and learning is also met through sport in team games. Sporting excellence and participation has always been a very strong focus in our school.

Chisenhale was recently awarded the Healthy Schools Silver Award, which includes physical activity as one of the aspects. We have also been awarded the Healthy Early Years Award and have put in an application for Healthy Schools Gold.

## PE Curriculum

PE is a subject which aims to develop mental and physical health and is key in the growth and development of a child and preparing for them for a healthier lifestyle.

Our aim at Chisenhale is to provide a broad and balanced curriculum with a wide range of activities to encourage and inspire all children.

Over the year each child will participate in invasion games, net and wall games, athletics, dance, orienteering and gym lessons. KS2 children will also spend 10 hours learning to swim at the London Olympic Pool. Outdoor and Adventure activities are also planned in KS2 through the Y6 School Journey.

### Aims

- To develop the child's physical, mental, social, moral and cultural skills through a broad and balanced curriculum.
- To provide opportunity for all children to participate in physical education offering a fully inclusive curriculum accommodating children with SEN.
- To provide the opportunity for all children to experience a wide variety of sports and physical activities.
- To provide all children with the opportunity to experience competition

- To increase children's physical activity to encourage an active and healthy lifestyle
- To provide opportunities for children to lead activities

## The Wider Curriculum

### Healthy Schools

Chisenhale is very involved with the Tower Hamlets Healthy Lives Team. This involves not only encouraging children to do physical activity, but also teaches them more about healthy eating and a healthy lifestyle.

### Y6 Residential School Journey

Children in Y6 are encouraged to attend Great Potheridge House, an outdoor education centre, where children are given the opportunity to participate in a wide range of sports such as kayaking, camping and coasteering. As well as the physical activity, it is an experience where co-operation, teamwork, friendship, relationships, a sense of fair play, as well as an appreciation and awareness of self is developed. Skills of independence are also achieved.

### Golden Clubs, Sports Days, Competitions and School Intra competition

On Friday afternoons we have enrichment time, through Golden Clubs. Sports clubs are offered to children and they change each term. Clubs have included dance, hula hooping, multi-sports and futsal.

There have also been clubs run by children themselves as the teachers, as well as a formal Sports Leaders Award club.

In the summer term Sports Days are held to encourage participation of all children in a range of competitive activities and we encourage parents to come along and enjoy the day too. Key Stage 2 Sports Leaders also helped to run the KS1 Sports Day.

We also take part in other special activities, such as orienteering for Sport Relief in Victoria Park and Beat the Streets, which was a project that lasted several weeks and encouraged regular exercise around the local area not just for children but for families as well. In 2015 we won a prize of £1,500 as the winner of the school in Tower Hamlets with the most Beat the Streets points.

Children are also given the opportunity to compete against other schools in a wide range of sports for example Football, Netball, Hockey, Basketball, athletics, orienteering, swimming and cricket. The borough organises a programme of competitions throughout the year, which Chisenhale regularly enters, in order to give children the experience of competitive sport at a larger level.

Please see Appendix 1 for details of competitions entered in 2015-16.

Our blog on the School Games website shows regular updates of the school's competitive successes.

### Links and other agencies.

We are part of the Morpeth School Sports Cluster, which includes Chisenhale, Bonner, Globe, St John's, Mowlem and John Scurr. There are after school clubs (usually on Mondays after school) which enable the children to train together, in preparation for borough competitions. It also enables better transition links between primary and secondary and fosters a sense of community between the primary schools. There is also a Year 5 and Year 6 boys and girls football league amongst the cluster.

Morpeth Sports Leaders also run some sessions for Chisenhale classes as part of their qualification, which enables our children to access their facilities and to see older children leading the sessions.

Other agencies are used to enhance the variety of activities available in school both in curriculum PE time and in out of hour's clubs. Children identified as talented are signposted to local clubs and events to encourage them to develop their skills.

In Y3 coaches come into school to assess the children in order to identify gifted and talented children. It also provides our school with data to assess the fitness levels of children. The programme also offers a range of activities to identify talent and offer children the chance to take part in sport they might not have experienced before.

In Year 5 we have access to the Sporting Diamonds programme, where the children go to the Copper Box Arena. The children work with district coaches to see if there are any children talented enough to be invited to holiday sessions with the district teams.

We piloted the Barry McGuigan Sports Agency fitness programme and now have the resources to enable all children to do it through curriculum PE. It links physical activity with healthy lifestyles.

We have links with the borough MEND programme, which offers physical activities and healthy eating advice to families who are signposted to the project by school health.

### Out of hours clubs: Breakfast, After School and Night Owls Play Centre

Chisenhale is eager to provide a wide range of extracurricular clubs for children throughout the year organised by Ruth, our Parent Engagement Officer.

Some of the sports clubs we offer are Judo, Fencing, Tennis, Hockey, Kwik Cricket, Football, Athletics, Basketball and lots more. Clubs change throughout the academic year. The school website has up to date details. Clubs are usually 3.30 - 4.30pm and can be attended by those children going to Night Owls Play Centre as well.

Breakfast Club and Night Owls Play Centre also offer children the chance to be physically active, through a range of different physical activities.

At Chisenhale we believe primary school sport experience is vital to develop a child's future perception of physical activity and we aim to give our children the opportunity to leave Chisenhale equipped to enjoy sport for its health and social benefits.
